This "Institute on Wheels," is designed to give a first-hand look at programs carried on by effective county Farm Bureaus in some of the most important farming areas of the U. S. After leaving Oklahoma, the caravan of buses will be divided into tour groups, each one taking a slightly different route to visit not only county FB offices, but also farms, feedlots and other outstanding agricultural facilities in the five states on the itinerary.

George Boren, recently discharged from the U. S. Army, has returned to Hamlin and is employed at the Hamlin Herald. He returned from Germany earlier this month.

Nosey Neighbor...

by Barbara Craig
Things have surely changed. For sometime last month the rainy weather was the topic of conversation and now that has given way to "isn't the heat terrible?"
Hamlin does not have an official temperature recorder but unofficially, according to the thermometers on the street, the temperature registered 102 degrees Wednesday after lunch.

Our family, joined with many other outdoor enthusiasts during the long Fourth of July weekend, camped out at Lake Stamford.

The early morning hours and those of the late evening are most enjoyable at the edge of the lake. The meals always taste better and coffee never smells so good as it does being perked out in the open.

It is not hard to see why the Scouts look forward to camp each year.

Louie and Lucille Cunningham stopped by Monday morning in time for coffee on their

way down to Hubbard Lake. They worked there Monday clearing their lot on the lake.

Many took advantage of the weekend of the Fourth to go visiting or just get away.

Mr. and Mrs. Ed Lewis and Timmy and Mr. and Mrs. John V. Howard, John and Helen, went to the Fort Worth-Dallas area for the holiday.

Mr. and Mrs. Ed Duncan and family spent the holiday at Lake Brownwood.

Mr. and Mrs. Ray Davis of Greenville visited in Hamlin with her parents, Mr. and Mrs. LaFoy Patterson.

Participating in the Texas Cowboy Reunion Sponsors Contest in Stamford July 1, 2, and 3 were Mrs. Don Elmore, Mrs. Tim Jones, Patricia Feagan, Jayne Carol Turner, Libby Shultz, and Reta Oliver.

Billy McIlwain and T. W. Flenniken made the top 10 in roping Saturday evening, with McIlwain tying the fastest calf of the night. His average on three calves was just not quite good enough for the saddle.

Mr. and Mrs. Vesta L. Townley and son, Bob, of Honolulu, Hawaii, are spending a month with their parents, Mr. and Mrs. Everett Townley and Mr. and Mrs. J. E. Beard, and his brother, Jack Townley and family.

Vesta is a postal inspector, stationed at Honolulu and the Trust Territory of the Pacific Islands.

The Townleys came for the wedding of their son, Ed and the former Sue Johnson, who are now living in Abilene.

Also visiting the Townleys and Beards, is Miles Beard of Slaton who came to be with his cousin, Bob Townley, who is spending the summer with his grandparents.

Mr. and Mrs. H. H. Ray had as their guests during the weekend their five children and nine grandchildren.

The happy reunion followed the return of their daughter and family, Mr. and Mrs. A. R. Holt and James, from France where they had spent three years with the Air Force.

Others present were Mr. and Mrs. Jimmy Ray, Mike and Dana, of Carlsbad, N. Mex., Mr. and Mrs. Billy Ray, Johnny and Teresa, of Amarillo, Mr. and Mrs. Roddie Ezell of Abilene, Mr. and Mrs. J. B. May, Sharon, Russell, Carrie and Tammy of Hamlin. Mr. and Mrs. Holt and James will leave the end of the week for their new station in Wichita, Kan.

The Haskell Congregation of Jehovah's Witnesses will be represented in Lubbock, July 22-25, when the group convenes for their "Word of Truth," District Assembly, according to W. Clayton Short.

OLD GLORY...

by Judy White

swimming the group had hamburgers and cold drinks.

4-H's who attended were Judy Sander, Nancy Vahlenkamp, Rita Baldree, Judy White, Charles Diers, Mike Baldree, and Kenneth Jones.

Adults attending were Mrs. Bernice, Mr. and Mrs. Oren Herbert Vahlenkamp, Mrs. Baldree. Also attending were Susie and Marcine Baldree.

Recent visitors in the home of Mr. and Mrs. Herbert Vahlenkamp were Mr. and Mrs. Lon Earl Hayes of Midlothian. Mr. Hayes and Mr. Vahlenkamp were Navy buddies during World War II. They had not seen each other since they parted ways in service twenty years ago.

Now Is Time to Control Weevils With Insecticides -- County Agent

Now is the right time for applying insecticides for controlling overwintered boll weevils, says Jones County Agent, Kirby Clayton.

Overwintered weevils should be controlled just before the cotton squares reach the third grown stage, says Clayton, to prevent egg laying and a new generation of weevils. Cotton squares in most Jones County cotton fields are calculated to be one third grown somewhere around July 10 and will need protection from weevil

egg laying after this date. Clayton does not recommend an automatic spraying program, but recommends spraying only if the weevils are found infesting the young cotton. Each farmer is being urged to inspect his cotton for the presence of weevils and if present to apply one or two applications of insecticides to control him, making the first one now and the second one 7-10 days later. This should keep down the boll weevil population to where only a limited number of applications will be necessary during the late season.

After making the two overwintered boll weevil applications, Clayton recommends staying out of the field with insecticides unless absolutely necessary to go again. This allows beneficial insects to build up to help prevent a boll-worm buildup.

For further information on control of the overwintered weevil contact your county agent's office.

Mr. and Mrs. Cecil McMullin and Darin Paul of Big Spring spent Saturday visiting Mr. and Mrs. Bob Tegart.

AUTO INSURANCE HIKES -
Auto liability insurance rates
will increase an average of
14.4 percent on August 1.
Rates will vary widely in the
26 rating areas in the state.

However, some coverages
will go down in cost, by as
much as 17 percent. These po-
licies are for insurance against
losses not connected with ac-
cidents - such as fire and
theft.

State Board of Insurance
says it has carefully reviewed
the loss data forming the basis
of the rate changes and finds
that the new rates will be
"adequate and reasonable as
required by law."

In another area of insur-
ance, Texas companies have had
more than \$15,000,000 worth
of claims from hail and storm
damage. By this time last
year, \$9,000,000 had been paid
in such claims. Biggest blow
came from the Wichita Falls
storm of May 27.

It will take twice the nor-
mal annual flow of the Colo-
rado River to fill Lake Powell.

There are many wild burros
in the Grand Canyon, descend-
ed from animals that survived
the early prospectors.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, - Water remains
very much in the spotlight
over the state.

As June ended, cattle were
in better than average condi-
tion, says the US Department
of Agriculture. Pastures and
ranges continued to furnish
good grazing and rising cattle
prices have resulted.

On the High Plains heavy
showers boosted range pros-
pects, but grass growth was
slowing in many areas be-
cause of high temperatures
which sapped soil moisture.

In the Trans-Pecos ranges
some farmers and ranchers
were forced to begin supple-
mental feeding.

Some farmers have been
combating the rain problem
by irrigating their crops. A
joint study by the USDA, the
Texas Water Commission and
the State Soil Conservation
Board indicates that irriga-
tion in Texas rose significantly
from 1958 to 1964. Amount of
irrigated land increased by
about 15 percent during the
six-year period. Much of the
gain occurred in the High
Plains - in the upper parts of
the Canadian, Colorado, Bra-
zos and Red River Basins -
but some of it also was in the
basins of the Rio Grande and
Nueces Rivers.

By next September studies
to show how much water will
be available in 2020 from Tex-
as reservoirs and ground water
strata already in use will be
complete.

Then will come the job of
finding additional sources to
match yields to needs. This
will involve searching for new
surface water supplies as well
as desalinization of poor un-
derground water.

When in-basin sources are
checked out against the needs
of each river basin, the plan-
ners expect to find some of
the heavy rainfall regions will
have more water than they
will need, even to 2020, while
others will not have enough.

Then, the question will be:
where to take the surplus?
\$100,000,000 SURPLUS -
State government will begin
the new fiscal biennium with
a surplus of nearly \$100,000-
000. But it will wind up with

HOSPITAL TRANSITION
UNDER WAY - Texas' first
system for treating the men-
tally ill, mentally retarded
and victims of tuberculosis is
entering a vital period.

On September 1, realign-
ment and reorientation of
these facilities and services, as
enacted by the 59th Legisla-
ture, will go into effect.

Separation of the tubercu-
losis hospital treatment pro-
gram from the mental health
and retardation services and
health Department, which
consolidating it with the State
handles case finding and fol-
low-up work.

Sweeping new concepts of
care, spelled out in recommen-
dations of statewide study
committees named by Gover-
nor Connally, are expected of
the reorganization.

GAS AIR CONDITIONING SAVES MONEY AND HEADACHES YEAR AFTER YEAR

You save in operating efficiency, low maintenance, amazingly long service. Combined heating and cooling costs with gas are substantially lower than for electric heating and cooling. Add to that the savings in maintenance and electric compressor replacements and you'll see why gas is your best home air conditioning investment.

LOW DOWN PAYMENT, AS LITTLE AS \$25/MO. FOR 2.8-TON UNIT

This new gas unit for medium-size homes both cools and heats... puts the world's finest air conditioning in reach of everyone.

HOW GAS UNITS CAN LAST TWICE AS LONG AS ELECTRIC

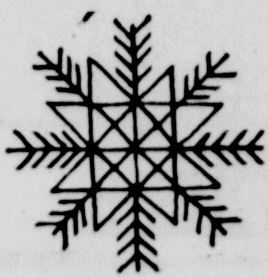

Gas cooling for homes has no compressor. A simple gas flame is the heart of the cooling cycle—with few moving parts to wear or need repair. No wonder the life-expectancy of gas air conditioning is double that of compressor types!

wear or need repair. No wonder the life-expectancy of gas air conditioning is double that of compressor types!

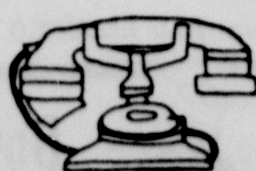

SPECIAL SUMMER GAS AIR CONDITIONING RATES

The rally will open at 3:30 p. m. Supper will be served at 5:30 p. m. and the evening program will get underway at 7:30 p. m.

Herman Reeves To Represent Jones County on Tour

Herman Reeves of Anson, will leave July 11 on a week-long Farm Bureau-sponsored bus tour of five mid-western states to observe operations of county Farm Bureaus in those states.

This "Institute on Wheels," is designed to give a first-hand look at programs carried on by effective county Farm Bureaus in some of the most important farming areas of the U. S. Four, and possibly five chartered buses will be used, departing from Houston, San Antonio, Abilene and Lubbock. The buses will rendezvous in Oklahoma City. They will be joined there by other buses carrying county FB leaders from Oklahoma.

After leaving Oklahoma, the caravan of buses will be divided into four groups, each one taking a slightly different route to visit not only county FB offices, but also farms, feedlots and other outstanding agricultural facilities in the five states on the itinerary.

George Boren, recently discharged from the U. S. Army, has returned to Hamlin and is employed at the Hamlin Herald. He returned from Germany earlier this month.

Nosey Neighbor...

by Barbara Craig

Things have surely changed. For sometime last month the rainy weather was the topic of conversation and now that has given way to "isn't the heat terrible?"

Hamlin does not have an official temperature recorder but unofficially, according to the thermometers on the street, the temperature registered 102 degrees Wednesday after lunch.

Our family, joined with many other outdoor enthusiasts during the long Fourth of July weekend, camped out at Lake Stamford.

The early morning hours and those of the late evening are most enjoyable at the edge of the lake. The meals always taste better and Coffee never smells so good as it does being perked out in the open.

It is not hard to see why the Scouts look forward to camp each year.

Louie and Lucille Cunningham stopped by Monday morning in time for coffee on their

way down to Hubbard Lake. They worked there Monday clearing their lot on the lake.

Many took advantage of the weekend of the Fourth to go visiting or just get away.

Mr. and Mrs. Ed Lewis and Timmy and Mr. and Mrs. John V. Howard, John and Helen, went to the Fort Worth-Dallas area for the holiday.

Mr. and Mrs. Ed Duncan and family spent the holiday at Lake Brownwood.

Mr. and Mrs. Ray Davis of Greenville visited in Hamlin with her parents, Mr. and Mrs. LaFoy Patterson.

Participating in the Texas Cowboy Reunion Sponsors Contest in Stamford July 1, 2, and 3 were Mrs. Don Elmore, Mrs. Tim Jones, Patricia Feagan, Jayne Carol Turner, Libby Shultz, and Reta Oliver.

Billy McIlwain and T. W. Flenniken made the top 10 in roping Saturday evening, with McIlwain tying the fastest calf of the night. His average on three calves was just not quite good enough for the saddle.

Mr. and Mrs. Vesta L. Townley and son, Bob, of Honolulu, Hawaii, are spending a month with their parents, Mr. and Mrs. Everett Townley and Mr. and Mrs. J. E. Beard, and his brother, Jack Townley and family.

Vesta is a postal inspector, stationed at Honolulu and the Trust Territory of the Pacific Islands.

The Townleys came for the wedding of their son, Ed and the former Sue Johnson, who are now living in Abilene.

Also visiting the Townleys and Beards, is Miles Beard of Slaton who came to be with his cousin, Bob Townley, who is spending the summer with his grandparents.

Mr. and Mrs. H. H. Ray had as their guests during the weekend their five children and nine grandchildren.

The happy reunion followed the return of their daughter and family, Mr. and Mrs. A. R. Holt and James, from France where they had spent three years with the Air Force.

Others present were Mr. and Mrs. Jimmy Ray, Mike and Dana, of Carlsbad, N. Mex., Mr. and Mrs. Billy Ray, Johnny and Teresa, of Amarillo, Mr. and Mrs. Roddie Ezell of Abilene, Mr. and Mrs. J. B. May, Sharon, Russell, Carrie and Tammy of Hamlin.

Mr. and Mrs. Holt and James will leave the end of the week for their new station in Wichita, Kan.

The Haskell Congregation of Jehovah's Witnesses will be represented in Lubbock, July 22-25, when the group convenes for their "Word of Truth," District Assembly, according to W. Clayton Short.

OLD GLORY...

When she returned here last week she was accompanied by a niece and her family, the Wesley Tabbs. The Tabbs are visiting her parents here, Mr. and Mrs. Herbert Klump.

Mrs. Bernice D. White and Judy were in Abilene last Friday. They also visited Mrs. White's sister, Mrs. Jack Powers and Julie, near Eula.

The Variety Club met last week on Tuesday in the home of Mrs. Sandy Leverett. The next meeting will be in the home of Mrs. Ray Bridges.

Mr. and Mrs. Henry Schmidt and Paul, accompanied by Mrs. Andrew Anderson of Lueders, attended the wedding of Carol Joyce Prescher at Clifton Saturday, June 26. She is the daughter of Mr. Schmidt's niece. They also visited a few days with Mr. Schmidt's sister, Mrs. Emma Niehter. They were joined there by Mr. and Mrs. David Mendorf and children of Fort Worth.

LETTZ CAPTURES TENNIS CROWN

Stephanie was also in the girls 16 singles finals but lost to Stephanie Webber of Odessa.

Several people from Old Glory attended the homecoming at Sweet Home Baptist Church in Rule last Sunday which was held in commemoration of the church's 69th anniversary.

First founded at Hooker which is now a part of this community it was later moved to where the Tonk Creek school stood. In 1950 it was again moved, this time to Rule.

Visitors in the home of Mr. and Mrs. Travis Bell this week were their son and family, Mr. and Mrs. Bill Bell, Vance and Kim, of Sparks, Nevada.

Mr. and Mrs. Dean Letz and sons, Jeff and Craig, of Abilene were here last week-end visiting their parents, Mr. and Mrs. John Letz and Mr. and Mrs. Garrett Spitzer. Also visiting the Spitzers was their son, Kenneth, of Amarillo.

Visiting here with Mr. and Mrs. Sandy Leverett and Jeff last Saturday were V. R. Leverett, Sharon and Jim of Potosi, and Mr. and Mrs. Ronnie Mathews of Fort Worth. Sharon Leverett spent Friday night with Judy White.

4-H SWIMMING PARTY
Members of the Old Glory Community Senior 4-H Club enjoyed a swimming party at the Haskell Park on Monday afternoon, July 5. After the

swimming the group had hamburgers and cold drinks.

4-H's who attended were Judy Sander, Nancy Vahlenkamp, Rita Baldree, Judy White, Charles Diers, Mike Baldree, and Kenneth Jones.

Adults attending were Mrs. Bernice, Mr. and Mrs. Oren Herbert Vahlenkamp, Mrs. Baldree. Also attending were Susie and Marcine Baldree.

Recent visitors in the home of Mr. and Mrs. Herbert Vahlenkamp were Mr. and Mrs. Lon Earl Hayes of Midlothian. Mr. Hayes and Mr. Vahlenkamp were Navy buddies during World War II. They had not seen each other since they parted ways in service twenty years ago.

Now Is Time to Control Weevils With Insecticides -- County Agent

Now is the right time for applying insecticides for controlling overwintered boll weevils, says Jones County Agent, Kirby Clayton.

Overwintered weevils should be controlled just before the cotton squares reach the third growth stage, says Clayton, to prevent egg laying and a new generation of weevils. Cotton squares in most Jones County cotton fields are calculated to be one third grown somewhere around July 10 and will need protection from weevil

egg laying after this date.

Clayton does not recommend an automatic spraying program, but recommends spraying only if the weevils are found infesting the young cotton. Each farmer is being urged to inspect his cotton for the presence of weevils and if present to apply one or two applications of insecticides to control him, making the first one now and the second one 7-10 days later. This should keep down the boll weevil population to where only a limited number of applications will be necessary during the late season.

After making the two overwintered boll weevil applications, Clayton recommends staying out of the field with insecticides unless absolutely necessary to go again. This allows beneficial insects to build up to help prevent a boll-worm buildup.

For further information on control of the overwintered weevil contact your county agent's office.

Mr. and Mrs. Cecil McMullin and Darin Paul of Big Spring spent Saturday visiting Mr. and Mrs. Bob Tegart.

The Board of Education of the
Hamlin Independent School
District adopted the following
policies:

"By unanimous vote, the
Board of Education of the
Hamlin Independent School
District voted to integrate all
high school grades (9-12), be-
ing served by only one high
school for the 1965-66 school
year; also, to maintain the ele-
mentary schools as now exists
(1-8) on a freedom of choice
plan. This means that any
child in the Hamlin Indepen-
dent School District in grades
one through eight may attend
any school in the Hamlin In-
dependent School District of his choice."

There will be a letter mailed
to each parent and each child
(grade 1-8) in the Hamlin In-
dependent School District on August
1, 1965, with a registration
form enclosed. The letter and
registration form will be self
explanatory. This registration
form must be returned to Mr.
Cook by August 15, 1965. A
self addressed envelope will be
enclosed for your conveni-

the places and at the propo-

tially as follows, to-wit:

legal qualified voters of Ham-
lin Independent County Line

FAIRVIEW NEWS

by Mrs. Elmer Joiner
After Monday's heat there
isn't any doubt that summer
has arrived to stay around a
while. No rain has fallen the
past week, in fact it is begin-
ning to get rather dry in spots.
The July 4th holiday week-
end has come and gone, leav-
ing the usual amount of tra-
gedies, as well as lots of good
times enjoyed by those having
family reunions, or just going
visiting.

The holiday weekend mark-
ed the passing of two of our
former residents of this area,
who were buried Monday.

Max Ernest Harris, age 63,
a resident of Dallas for the
last 42 years, passed away in
Baylor Memorial Hospital, in
Dallas, Friday afternoon. Fun-
eral was held Monday, in that
city, with the body being laid
to rest in the Richardson cem-
etery, just outside of Dallas.
Mr. Harris was married to the
former Mamie Lee Shepard,
who survives, also one daugh-
ter, of Houston and grand-
children. He was reared in our
community, the son of the late
Mr. and Mrs. D. M. Harris.
His mother having been buried
in the Fairview cemetery, be-
side her husband, just a short
time ago. Other survivors are
a brother, Frank, of Tucson,
Arizona and a sister, Mrs. Fay
Lyons, of Commerce. Mrs.
Johnnie Agnew is a cousin.
She and Mr. Agnew attended
the services.

T. J. Treadwell, a resident
of the Plainview community
for many years, until they
moved to Anson in 1961, passed
away in the Anson General
Hospital, Sunday afternoon
at 5:15. He had had major sur-
gery ten days before. Mr.
Treadwell, the son of the late
Mr. and Mrs. L. H. Treadwell,
was married to the former
Lottie Carnes, who survives.

One son, Ira Treadwell, of
Stamford, two daughters, Mrs.
Alton Sealy of Anson, Mrs.
Bland Harper, Abilene, and a
nephew, Sam Carnes, of the
Plainview community, who
was reared in the home. He
also is survived by two broth-
ers, Jesse, Hamlin, Arthur,
Fort Worth, three sisters,
Mrs. Lura Lovvorn, Stamford,
Mrs. Bill Neville, Anson, and
Mrs. Clarence Rosemond,
Childress, a host of nieces,
nephews, which include Mrs.
Woodrow Goodwin and Mrs.
Elmer Joiner. Mr. Treadwell
was buried in the Mount Hope
cemetery, Anson, Monday af-
ternoon, after funeral serv-
ices in the First Baptist
Church with the pastor, Rev.
Bob Eckland and a former
pastor Rev. Priddy officiating.

We also want to report that
the sheriff at Crosbyton, Flet-
cher Stark, who was gravely
wounded, Sunday, at that
place by a teenage Latin Amer-
ican youth, is a former re-
sident of the Hamlin area. His

the following officers are
hereby appointed to hold the
election in the Hamlin Inde-
pendent County Line School
District: Frances Rowland,
presiding judge; Gertrud Le-
ague, Assistant judge; and
Frankie Cassle, Clerk.

All legally qualified voters
of such district may vote in
said district.

The form of the ballots for
said election shall be as fol-
lows:

"OFFICIAL BALLOT"
FOR CONSOLIDATION OF
HAMLIN INDEPENDENT
COUNTY LINE SCHOOL
DISTRICT IN JONES, FIS-
HER AND STONEWALL
COUNTIES, TEXAS, AND
THE McCAULEY INDE-
PENDENT COUNTY LINE
SCHOOL DISTRICT IN FIS-
HER AND JONES COUN-
TIES, TEXAS.

AGAINST CONSOLIDA-
TION OF HAMLIN INDE-
PENDENT COUNTY LINE
SCHOOL DISTRICT IN FIS-
HER AND JONES COUN-
TIES, TEXAS.

Each voter shall draw a line
through one of the above ex-
pressions, thus leaving the
other to indicate his vote.

IV.
Notice of said election shall
be given by advertising this
notice in the Hamlin Herald,
a newspaper in Hamlin, Jones
County, Texas, for a period of
twenty (20) days prior to the
said election and by posting a
copy of this notice in three (3)
public places in this district.

ISSUED this 5th day of
July, A. D. 1965.

County Judge

parents, the Bob Stark's, lived
in the Hinson community at
one time. The Stark family
are life long friends of the
Joiner family, therefore it is
with much interest that we are
listening for the bulletins on
Mr. Stark's condition.

Mrs. Fred Rosenbaum visit-
ed with Mrs. Henry, Thurs-
day afternoon.

Saturday visitor of the
Henrys was a son, Clois, of
San Angelo.

Mr. and Mrs. Woodrow and
Linda, went to Spur, Sunday,
to see his sister, Mrs. Archie
Hogan, who had major sur-
gery on last Thursday in that
city.

Mrs. Winson Gray, Mrs.
Doyal Bills and daughters,
went to Amarillo last Tues-
day, to see the other part of
the Gray family, Mr. and Mrs.
Marvin Johnson and boys, and
Miss Dorothy Gray. They also
met Mr. and Mrs. John Mac-
key, a sister of Mr. Gray, who
were returning to California,
from a visit to Missouri. They
returned Wednesday, Buster
Mackey coming home with
them to spend six weeks. Buster
has been here every sum-
mer for several years.

Visitors in church Sunday,
with her mother, were Mrs.
Bill Finnis and little son, who
are visiting from Illinois.

It was good to see Jimmy
Wainwright home, in church
Sunday, from Sheppard Air
Force Base. He was accom-
panied by a friend, Janette
Goolsby, of Hamlin. Jimmy
looks rather handsome in his
blue dress uniform.

Visiting in the Leverett
home over the weekend was
the order of the day. Her moth-
er and brother, Mrs. Tanner
and Larry, came Friday night,
returning home Saturday, Rev.
Leverett's sister, Mrs. Carolyn
Perry and children, Monahans,
visited Saturday. Other Satur-
day visitors were Rev. and
Mrs. Bill Irwin, Hamlin.

Last Thursday, Mr. and
Mrs. Fred Rosenbaum met
their children, Mr. and Mrs.
Joe R. Rosenbaum, in Ham-
lin, and had coffee and visit-
ed for awhile. They were en-
route to Houston, stopping off
in Hamlin long enough to see
their folks.

We also learned after he had
Mrs. Jack Gray is in the
Hamlin Hospital, having en-
tered last Saturday.

We also learn, after he had
recovered, that Mr. Roy Watts
has been ill, with a case of
pneumonia.

Linda Goodwin accompanied
Mrs. Richard Young to Lub-
bock, last Thursday. Mrs.
Young visited her sister, going
for the daughter, Jeannie, a
good friend of Linda's.

Only two more weeks re-
main until time for our re-
vival, it looks now as if our
men might get their crops in
shape that they can take time off
to attend, without being in
such a hurry.

MAKES "B" HONOR ROLL
Kenneth B. Wington, son
of Mr. and Mrs. C. O. Wington,
237 N. E. Ave. A, is one
of 102 students listed on the
"B" honor roll for the 1965
spring semester at Tarleton
State College, Stephenville.

To qualify for the scholastic
honor, the student makes a
grade of "B" or more in each
course and completes at least
15 semester hours.

AUTO INSURANCE HIKES -
Auto liability insurance rates
will increase an average of
14.4 percent on August 1.
Rates will vary widely in the
26 rating areas in the state.

However, some coverages
will go down in cost, by as
much as 17 percent. These po-
licies are for insurance against
losses not connected with ac-
cidents - such as fire and
theft.

State Board of Insurance
says it has carefully reviewed
the loss data forming the basis
of the rate changes and finds
that the new rates will be
"adequate and reasonable as
required by law."

In another area of insur-
ance, Texas companies have had
more than \$15,000,000 worth
of claims from hail and storm
damage. By this time last
year, \$9,000,000 had been paid
in such claims. Biggest blow
came from the Wichita Falls
storm of May 27.

It will take twice the nor-
mal annual flow of the Colo-
rado River to fill Lake Powell.

There are many wild burros
in the Grand Canyon, descend-
ed from animals that survived
the early prospectors.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN - Water remains
very much in the spotlight
over the state.

As June ended, cattle were
in better than average condi-
tion, says the US Department
of Agriculture. Pastures and
ranges continued to furnish
good grazing and rising cattle
prices have resulted.

On the High Plains heavy
showers boosted range pros-
pects, but grass growth was
slowing in many areas be-
cause of high temperatures
which sapped soil moisture.

In the Trans-Pecos ranges
some farmers and ranchers
were forced to begin supple-
mental feeding.

Some farmers have been
combating the rain problem
by irrigating their crops. A
joint study by the USDA, the
Texas Water Commission and
the State Soil Conservation
Board indicates that irriga-
tion in Texas rose significantly
from 1958 to 1964. Amount of
irrigated land increased by
about 15 per cent during the
six-year period. Much of the
gain occurred in the High
Plains - in the upper parts of
the Canadian, Colorado, Bra-
zos and Red River Basins -
but some of it also was in the
basins of the Rio Grande and
Nueces Rivers.

By next September studies
to show how much water will
be available in 2020 from Tex-
as reservoirs and ground water
strata already in use will be
complete.

Then will come the job of
finding additional sources to
match yields to needs. This
will involve searching for new
surface water supplies as well
as desalinization of poor un-
derground water.

When in-basin sources are
checked out against the needs
of each river basin, the plan-
ners expect to find some of
the heavy rainfall regions will
have more water than they
will need, even to 2020, while
others will not have enough.

Then, the question will be:
where to take the surplus?
\$100,000,000 SURPLUS -
State government will begin
the new fiscal biennium with
a surplus of nearly \$100,000-
000. But it will wind up with

a balance of only \$4,200,000,
according to estimates of the
Governor's budget office.

In the recap of legislative
spending, Gov. Connally's
staff totalled all appropri-
ations at \$3,700,000,000, of
which \$622,900,000 will come
from general revenue. (Vot-
ees by the governor of \$2-
600,000 from the spending bills
are deducted.)

Figures put state cost of
the average \$553 teacher pay
raise at \$70,600,000 for the
two-year period beginning
September.

Total new revenue provid-
ed by the 59th Legislature
will come to \$82,500,000, ac-
cording to revised figures. Big
gest portion of this comes
from the three-cents-a-pack
increase in the cigarette tax.

HOSPITAL TRANSITION
UNDER WAY - Texas' new
system for treating the men-
tally ill, mentally retarded
and victims of tuberculosis is
entering a vital period.

On September 1, realign-
ment and reorientation of
these facilities and services, as
enacted by the 59th Legisla-
ture, will go into effect.

Separation of the tubercu-
losis hospital treatment pro-
gram from the mental health
and retardation services and
Health Department, which
consolidating it with the State
handles case finding and fol-
low-up work.

Sweeping new concepts of
care, spelled out in recommen-
dations of statewide study
committees named by Gov-
nor Connally, are expected of
the reorganization.

GAS AIR CONDITIONING SAVES MONEY AND HEADACHES YEAR AFTER YEAR

You save in operating efficiency, low maintenance, amazingly long service. Combined heating and cooling costs with gas are substantially lower than for electric heating and cooling. Add to that the savings in maintenance and electric compressor replacements and you'll see why gas is your best home air conditioning investment.

LOW DOWN PAYMENT, AS LITTLE AS \$25/MO. FOR 2.8-TON UNIT

This new gas unit for medium-size homes both cools and heats... puts the world's finest air conditioning in reach of everyone.

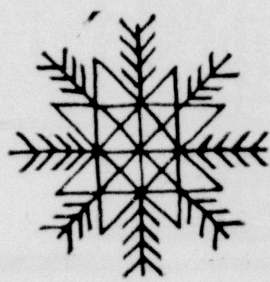

HOW GAS UNITS CAN LAST TWICE AS LONG AS ELECTRIC

Gas cooling for homes has no compressor. A simple gas flame is the heart of the cooling cycle—with few moving parts to wear or need repair. No wonder the life expectancy of gas air conditioning is double that of compressor types!

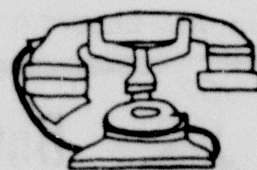

SPECIAL SUMMER GAS AIR CONDITIONING RATES

Owners of gas air conditioners get reduced gas rates for cooling during the hot summer months. This makes for even more economy from an efficient gas unit!

CALL FOR A FREE ESTIMATE ON GAS AIR CONDITIONING. NO OBLIGATION.

Don't be fooled by "horseback estimates" on costs! Get a bona fide air conditioning price from Lone Star Gas and compare with the price of the same size electric unit. You'll find the little extra per month to buy a gas unit buys you a lot more air conditioning over the years! There are two types of gas systems for the home: a combination cooling and heating system and an add-on cooling system. Investigate the possibility of gas air conditioning your home now.
